

**Please access the
2022 Convention
WhoVa Website and
Mobile App!**

We invite you to start using WhoVa, either with the [mobile app](#) or the [online website](#). WhoVa allows you to review an up-to-date program of sessions and to join Thursday's virtual panels.

Moderators Needed

Visit the [Call for Moderators](#) spreadsheet to reference panels of interest that still require a moderator. Write to the MMLA to indicate if you wish to fill the role. First come, first served!

Participate in Thursday's virtual sessions

Virtual Chair, Moderator, Presenter: For ease of reference, we will resend via email instructions on how to participate on your virtual panel just before your session starts. You will follow a different procedure than your audience members.

Virtual Audience: Unlike the panelists, you will "enter" the virtual rooms using the streaming link listed in the descriptions of virtual panels on the Whova [app](#) and [website](#).
